

## Press release

### The “International Days of Macroeconomics and Finance” under the theme: “flexible exchange rate regime, inflation targeting and capital account liberalization”

Marrakech, May 15- 16, 2017

**Marrakech, May 15<sup>th</sup>, 2017**

Bank Al-Maghrib, the INREDD research group, Cadi Ayyad University in Marrakech, and the University of Basel BCE Center, Switzerland, organize jointly on May 15-16, 2017 the “ International Days of Macroeconomics and Finance” under the theme “flexible exchange rate regime, inflation targeting and capital account liberalization”.

The objective of this event is to foster a productive exchange between researchers, decision-makers and professionals on the reform of the exchange rate regime and the adoption of inflation targeting in Morocco.

The meeting will bring together senior officials from Bank Al-Maghrib, the Ministry of Economy and Finance, the Foreign Exchange Office, academics, decision-makers as well as researchers and experts from foreign central banks and international institutions.

The opening session will be marked by the speeches to delivered by Mr. Abderrahim Bouazza, Director General of Bank Al-Maghrib, and the representatives of the co-organizing universities.

During the first day, speakers will share their expertise and know-how on the theme of the meeting, based on international experiences and academic research. Discussions will follow on the challenges of and the outlook for moving to a flexible exchange rate and an inflation targeting framework in Morocco.

On the second day, participants will discuss about twenty papers delivered by lecturers from different countries (Germany, Saudi Arabia, France, Morocco, Switzerland, Tunisia, Turkey....) in order to encourage interaction between Moroccan and international academic circles.
