### **Bank Al-Maghrib reopens its newly renovated historic branch in Tangier**

**Tangier, January 14<sup>th</sup>, 2020**

Bank Al-Maghrib reopens its historic branch in Tangier, after an extensive renovation operation. The reopening ceremony was attended on Tuesday, January 14<sup>th</sup>, 2020, by the Governor of Bank Al-Maghrib as well as representatives of the local authorities and elected bodies of Tangier.

Renovation of the historic branch of Tangier aimed to ensure its upgrade in line with the safety standards as well as with the technical and architectural requirements, while preserving the authenticity of the building. Launched in early 2016, this renovation also aimed to revive this exceptional heritage; a major architectural testimony of Morocco and the city of Tangier.

To commemorate this event, Bank Al-Maghrib holds a public exhibition of archives entitled "*Tangier branch: testimony of the archives*". This three-month long exhibition showcases, for the first time, some historically exceptional documents and objects.
