Bank Al-Maghrib organizes the 26th Conference of Central Bank Governors of French-speaking countries

Rabat, May 27, 2022

Bank Al-Maghrib organized, in partnership with the Banque de France, the 26th Conference of Central Bank Governors of French-speaking countries on May 25-26, 2022 in Rabat. The meeting brought together Governors, Vice-Governors and senior representatives of Central Banks from some twenty countries and groups of States.

During this event, a series of round tables were held on two topics of high importance for Central Banks. The participants examined the major and transversal challenges of climate change and digital transformation. The representatives of the Central Banks shared their respective experiences and reflected on the tools and modalities of their actions. It was agreed to set up a working group of French-speaking central banks dedicated to climate and green finance.

In view of the opportunities and risks associated with crypto-assets and digital currencies for Central Banks and the economy as a whole, the speakers also addressed the role of Central Banks in the emergence of the Fintech ecosystem.

The conference was also an opportunity to take stock of the French-speaking central banks' working group action on public financial education. In addition, in light of current events, participants discussed Central Banks' communication on inflation factors.

Finally, the participants agreed on the opportunity to set up a website dedicated to French-speaking central banks in order to establish a communication platform between these institutions.
